355 West North Temple
Salt Lake City, Utah 84180-1203

SUBJECT: Determination of Completeness - Genwal Coal Company, Crandall Canyon Mine, proposed new lease addition to Lease #U-54762, Emery County
State Application Identifier #UT881102-020

Dear Mr. Braxton:

The Resource Development Coordinating Committee of the State of Utah has reviewed this proposed action and the Division of State History comments:

The staff of the Utah State Historic Preservation Office has received the above referenced report. Our office has been in consultation with the Manti-LaSal National Forest on their cultural resource surveys of the previous coal lease area. This coal lease received a 10% random sample survey and there were no cultural resources located. A file search of the new lease area reveals that the area has the potential for containing prehistoric rock shelters, which might qualify for listing on the National Register of Historic Places.

The above is provided on request as outlined by 36 CFR 800 or Utah Code, Title 63-18-37. The Utah SHPO makes not regulatory requirement in this matter. If you have questions or need additional [cultural resource] assistance, please contact [Diana Christensen] at (801) 533-7039, or 533-6017.

The Committee appreciates the opportunity of reviewing this document. Please address any other questions regarding this correspondence to Carolyn Wright (801) 538-1535.

Sincerely,

Michael E. Christensen

Michael E. Christensen
